SAFE GUN STORAGE & CHILD CARE

PARENTS

- Does your child care provider have a firearm on the premises?
- If so, where and how is the firearm stored?
- Teach your children to stop, leave the room, and tell an adult if they see a firearm. NEVER TOUCH.

LOCK IT UP. IT'S THE LAW.

PROVIDERS

- If you own a firearm, is it stored unloaded and properly locked in a location that is inaccessible to children?
- Are you properly trained on how to use your firearm?
- Have you informed parents of the firearm(s) on the property?

IN REMEMBRANCE

4-year-old Cole Clark died of a self-inflicted gunshot wound in an unlicensed child care home in May 2017.
